

The spacious master bedroom provides you with room for a small office, sitting space, a large balcony, a walk-in closet, an en-suite bath with stone tile vanity top and shower surround. The bedroom is carpeted.

A laundry room is located near the second bedroom.

The second bedroom is nearly as large as the master bedroom. It also provides room for sitting and a small office. A bath is just across the hall making it accessible to people without entering the bedroom.

This bedroom also has a large balcony accessible from the sliding door in the bedroom.
