

Is It Challenging To Sell Your Home And Buy A New Home?

I help my clients simultaneously buy and sell regularly. I recently helped my clients sell **two** condominiums so that they could buy a single family home in Palo Alto ... moving directly from their old home to their new home.

“When my wife & I decided to upgrade to a single family home in Palo Alto, we realized that we needed help from a pro. Not any pro, but a pro champion. **Our situation required us to sell two properties that we owned and then, if lucky enough, to win a bidding war for a single family home in Palo Alto.** ...

Juliana's name seemed ubiquitous in our real estate circle, especially in the Palo Alto area. So we decided to give her service a try. Long story short, in less than two months time, our two properties were sold with multiple offers. We also successfully bought a single family house in Palo Alto, that we can call home sweet home.

For the house we are buying, she even negotiated a 45-day closing contingency. This was a rare feat in a market that only had a handful of homes in the last few months. All three transactions were executed together seamlessly. **The results exceeded our wildest expectation.**“ - Donald & Ting
