

The spacious remodeled kitchen has room for several cooks and is efficient with food preparation areas and clean up areas near the range and microwave..

The kitchen bar provides more counter space if needed, enables conversation during meal preparation and separates the kitchen from the living room.

The formal dining room is located just a few steps across the entry way and has a view of the front yard.

The large master suite bedroom has room for relaxing and reading. Windows on two walls provide light and views of the front yard. The floor has wall to wall carpeting.

The beautiful master suit bath features a tiled floor, a glass shower with two and half tiled walls, and a dark wood vanity with a light colored synthetic stone top.
