

It is impossible not to enjoy the classic open living and dining areas opening up to the backyard through a wall of glass.

The adjacent kitchen features black appliances contrasting with the sleek white cabinets and countertops. A gas cooktop topped by a designer fan is the heart of meal preparation. Open to the adjacent family area, conversation and participation can be a customary part of meal preparation.

All four bedrooms are nicely set away from public areas and have carpeted floors

The master bedroom has a walk-in closet, an en-suite bath with the vanity separated from the rest of the bath and a sliding glass door leading out to the back patio.

A separate laundry room, large hall closets, and a spacious garage provide ample storage.
