

7778 Lilac Way, Cupertino 95014

4BR/2BA | 1,568 sf | 7,128 sf lot | Top Schools

Just rebuilt - beautiful home in top condition

The new kitchen features modern white cabinets with recessed panels, stone counter tops, high designer tile backsplash, professional style stainless steel appliances, and natural light from a large central skylight.

The dining area and living room are just steps away for easy conversation while preparing meals. Sliding glass doors provide views of the spacious backyard.

Most new homes are very large or part of a development having very small yards. This home is a rare opportunity to have a completely updated home with a large lot without un-needed size.

The home is within a moderate walk of many Cupertino shops.

Highly rated Lincoln Elementary, Kennedy Middle, and Monta Vista High.
