

This beautiful home features both a living area opening to the patio and spacious backyard and a separate family room.

Modern wood floors throughout the public areas provide a warm craftsman feel.

The floorplan provides a great balance between wide open areas and areas for specific uses.

The good sized bedrooms have carpeted floors and natural light.

The master bath has a gleaming white vanity with white synthetic vanity top, tile floor, and a large glass doored shower.

The spacious backyard offers plenty of space with both a lush sod lawn and a patio.
