

The modern kitchen features contemporary white cabinets, Bosch stainless steel appliances, including a gas cooktop and microwave oven. A large island with a breakfast bar separates the kitchen from the family-dining areas. It is easy for your family to converse even when engaged in different activities.

Rich wood floors and plentiful light from numerous windows give a bright inviting modern ambiance.

The top floor master suite has its own balcony, a walk-in closet, carpeted floor, and bath with dual sinks, walk-in shower, and separate tub.

The second floor "master" bedroom also has its own balcony, a carpeted floor and bath with dual sinks and a shower over tub.

Two more bedrooms, a hallway bathroom, and a laundry closet are also on the second floor.
