

305 Rolling Hills Ave, San Mateo 94403

3BR/2BA | 1,640 sf | Lot 5,460 sf

This lovely home has fantastic views from its formal living and formal dining areas. San Francisco skyscrapers, Treasure Island, and the Bay Bridge are easily seen.

The combined living-dining room has the huge picture window at the front, a large window at the back and glass doors at the back filling the room with natural light. A wood burning fireplace with stone tile surround makes the room cozy on cold days.

On close inspection the lush green lawn can be determined to be artificial, needing little care.

This beautiful home has a brand new roof and Anderson double pane windows and door. The driveway was built in 2010 and the gate added in 2011.

Schools: Laurel Elementary, Abbott Middle & Hillsdale High.
