

## Home Values - 94043 Townhomes

### Average and Median Home Price of 94043 Townhomes Sold

When trying to understand 94043 home values for townhomes the first and most often real estate trend looked at is either average or median townhome sales price. The average price can be pushed up by a particularly expensive townhome being sold. Much less often an especially low price for several townhomes can push the average price down. By looking at both average and median price a quick judgment can be made about any unusually high or low prices. When a townhome development is offered for sale, the number of units offered can shift both average and median prices.

### Price Per Square Foot for 94043 Townhomes Sold

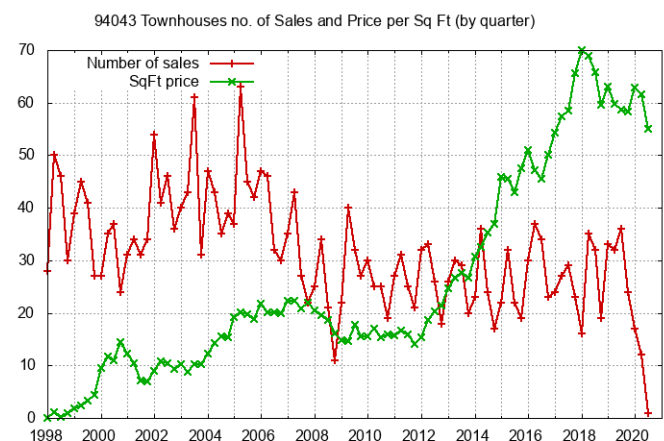

The average sales price of townhomes is typically affected by the average size of the townhomes sold. If a new development comes up for sale, the average size can be affected which in turn affects the average sales price. This same development may affect trends a second time about five years later if many of the first purchasers decide to sell and move to a bigger home. Looking at price per square foot gives a partial adjustment for changes in the typical townhome sold.

### Number of 94043 Townhomes Sold

A quick estimate of how active the 94043 townhome real estate market can be found by looking at the number of townhomes sold. Locally there is a strong seasonal change in the number of homes sold. The lowest number of homes sold typically occurs around December & January. The highest number of homes sold typically occurs around May. This seasonal variation is often altered for townhome sales by a large new development beginning to sell their townhomes. Price changes do not track the seasonal change in the number of townhomes sold.
