

## Home Values - Palo Alto Houses

### Average and Median Home Price of Palo Alto Houses Sold

When trying to understand Palo Alto neighborhood home values for houses, the first and most often real estate trend looked at is either average or median house sales price. The average price can be pushed up by a particularly expensive house being sold. Much less often an especially low price for one or more houses can push the average price down. By looking at both average and median price a quick judgment can be made about any unusually high or low prices

### Price Per Square Foot for Palo Alto Houses Sold

The sales price of a Palo Alto house is affected by its size. Looking at price per square foot gives a partial adjustment for differences between houses. Furthermore if you look at the average size of a Palo Alto house sold you will see that it varies with time. Part of the variation is due to the random nature of which houses are being sold but the trend is for an increase in size with time because when a house is replaced with a newer house, the newer house is almost always larger.
